Summary

I am a Bachelor of Science - Information Technology (BSIT) graduate at Mindanao State University - Iligan Institute of Technology (MSU-IIT), majoring in Database Systems.

Solely focused on web-development, but am willing to explore more areas within the field. Aside from IT stuff, I am also confident in my multimedia skills, which include video and audio editing and creation, as well as photo editing.

I am also experienced in 3D modeling for 3D printing.

Experience

Upwork

Remote

Freelance Video Editor (Sub-contractor)

February 2024 - Present

Edited music-related 15-20 minute documentaries [@TimePod98], short-form videos [@AnimeZpsyche], and movie recaps [@MovieTrainOfficial]

National Power Corporation - Mindanao Generation

Iligan City, Philippines

Intern

February 2025 - June 2025

Developed a web-based system for the company's fleet

<https://www.napocor.gov.ph/mindanao-generation-plants/>

Education

Mindanao State University - Iligan Institute of Technology

Bachelor of Science - Information Technology • 2.26619 CGPA

Database Systems

September 2019 - December 2025

<https://www.msuuit.edu.ph/>

Projects

MINGEN Vehicle Fleet Management (MVFM)

February 2025 - June 2025

The system prototype developed during my internship at NPC-MINGEN.

<https://github.com/CACabusas/MVFM>

Design and Development of a Web-Based E-Commerce Platform for MSU-IIT Langkit University Shop

A capstone project during my undergrad days.

Volunteering

The MSU-IIT FAB LAB Mindanao (formerly FAB LAB Mindanao)

2018 - 2023

Iligan City, Philippines

Facilitated trainings conducted by the FAB LAB Mindanao (formerly), which mostly involved 3D modeling for 3D printing, laser cutting and engraving, and CNC wood cutting and engraving. Aside from that, as a former intern, I was able to create my own 3D-printed designs and other creations that utilized the laser cutter and CNC machine.
