Summary

I am a Bachelor of Science - Information Technology (BSIT) graduate at Mindanao State University - Iligan Institute of Technology (MSU-IIT), majoring in Database Systems.

Solely focused on web-development, but am willing to explore more areas within the field. Aside from IT stuff, I am also confident in my multimedia skills, which include video and audio editing and creation, as well as photo editing.

I am also experienced in 3D modeling for 3D printing.

Experience

Upwork	Remote
Freelance Video Editor (Sub-contractor)	February 2024 - Present

Edited music-related 15-20 minute documentaries [@TimePod98], short-form videos [@AnimeZpsyche], and movie recaps [@MovieTrainOfficial]; all for YouTube content. The work may involve script writing, depending on its context.

National Power Corporation - Mindanao Generation	Iligan City, Philippines
Intern	February 2025 - June 2025

Developed a web-based system for the company's fleet
https://www.napocor.gov.ph/mindanao-generation-plants/

Education

Mindanao State University - Iligan Institute of Technology	Bachelor of Science - Information Technology • 2.26619 CGPA
Database Systems	September 2019 - December 2025

Projects

MINGEN Vehicle Fleet Management (MVFM)	February 2025 - June 2025

The system prototype developed during my internship at NPC-MINGEN.
https://github.com/CACabusas/MVFM

Design and Development of a Web-Based E-Commerce Platform for MSU-IIT Langkit University Shop
A capstone project during my undergrad days.

Volunteering

The MSU-IIT FAB LAB Mindanao (formerly FAB LAB Mindanao)	2018 - 2023

Iligan City, Philippines

Facilitated trainings conducted by the FAB LAB Mindanao (formerly). Aside from that, as a former intern, I was able to create my own 3D-printed designs and other creations that utilized the laser cutter and CNC machine.
